Terms of the Housing Agreement and Account Information

The agreement is for BOTH fall and spring semesters of the 2015-2016 academic year, as long as the student is enrolled at the University of Utah. Summer semester and winter breaks are not part of the academic year agreement (winter break is included in the academic year apartments agreements). If a student is going to be studying abroad, taking a leave of absence, or not attending the university for the spring 2015 semester, they should notify Housing & Residential Education (HRE) at least 30 days before the end of the fall term.

Students may access their housing account information through Housing U. HRE does not send out paper bills or statements. If family is helping a student to pay for housing, they need to relay financial information to them. Students are legally responsible for their account.

Fall charges: Student’s semester and first month’s charges will be posted to their account on August 6, 2015.

FERPA

The Family Educational Rights and Privacy Act (FERPA) of 1974, as amended, states that school officials may not disclose personally identifiable information about students nor permit inspection of their records by others without written permission from the student. Students are protected by FERPA as soon as they are admitted to the University of Utah. These records include, but are not limited to, grades, class schedules, student conduct records, identification numbers and payment information. Questions regarding FERPA may be directed to the Office of the Registrar via phone at 801-581-5808 or email at registrar@utah.edu. Information may also be found on their website at http://registrar.utah.edu.

Students will need to release their FERPA rights through the Campus Information System (CIS) if they wish for anyone else to have access to their records (see below).
UMail

A student’s official university email address, UMail, will be used by HRE to communicate important information to students. Students will be assigned this email address when they are admitted to the University of Utah, and they are expected to check it often. HRE will send regular updates on move-in and other pertinent information throughout the year.

Student Conduct & Residence Hall/Apartment Policies

All students have the responsibility to abide by university and HRE policies and to report safety concerns and policy violations that are taking place in their room, suite, floor and/or building. Students should know that there are consequences for making choices that violate community standards. The campus student conduct system is educational in nature, and the Residential Education Coordinators are the primary hearing officers for incidents. If a student is documented, they are responsible for checking their university issued email address (UMail) following the incident for further instructions. Students are responsible for all policies outlined on our website and in their housing contract. More information about the student conduct process and our policies may be found in the Residence Hall and Apartment Policies section of our website at http://housing.utah.edu/applications/residence-hall-apartment-policies.php. Students are also responsible for following the University of Utah’s Student Code, which may be viewed at http://deanofstudents.utah.edu/conduct/.

Safety Information

Residential buildings are locked 24-hours a day, and buildings are accessed by using the student’s UCard or building entrance key. Students are only allowed access to the building where they live. All guests must be escorted by the student resident at all times while they are in the building. We strongly encourage all students to lock their doors as a safety precaution.

Campus Alert System

The Campus Alert System is a messaging service that alerts students to potential weather conditions, safety threats, and other emergencies that may occur on campus. This system also provides notification to residents in case of an emergency within HRE facilities and serves as a means to distribute special directions to residents as needed. University of Utah students are automatically signed up for this service. Visit http://campusalert.utah.edu for more information.

Public Safety

The Public Safety Department offers walking escorts. They will walk students to and from class or their car. Public Safety and the University Police Department may be reached via phone at 801-585-2677 or on campus by dialing 5-2677 (5-COPS). For more information, please visit their website at http://dps.utah.edu/.

Insurance

Housing & Residential Education is not responsible for personal property. We encourage students to obtain renter’s insurance or check to see if their family’s homeowner policy covers their belongings while living in the residence halls. Safes are available for rent as an optional service. See page six of this publication for more information.

Staff Information

The following staff members are available to help students as they transition to the University of Utah:

Residential Education Coordinators (REC): Full-time staff who oversee a living area of campus and supervise Assistant Residential Education Coordinators.

Assistant Residential Education Coordinators (AREC): Graduate students in the university’s Educational Leadership & Policy master’s degree program. ARECs oversee a smaller area of campus and supervise HRE student leaders.

Both RECs and ARECs serve in an on-call rotation to respond to student concerns and/or emergency situations within HRE communities. Students are able to reach an HRE staff member 24 hours a day, 7 days a week, 365 days a year by calling 801-587-2000. We suggest adding this number to your phone’s contacts.

Resident Advisors (RA): Student leader staff members who live on each floor and/or in each building to help coordinate community development activities, engage students, and help individuals connect with one another. RAs also serve in an on-call rotation to respond to policy violations, emergencies and provide support.

Social Justice Advocates (SJA): Student leader staff members who coordinate and create diversity awareness programming throughout our residential communities.

Programming Assistants (PA): Student leader staff members who create events and activities to help build a strong community experience.

(Continued on next page)
Desk Assistant (DA): Student leader staff members who work at the Peterson Heritage Center and Marriott Honors Community front desks. DAs provide general assistance and mailroom services. They also serve as a resource to all patrons of the PHC and MHC and can dispatch assistance when needed.

Mailroom Assistant (MA): Student leader staff members who work at the Peterson Heritage Center mailroom. MAs provide general mailroom services to students living in Heritage Commons. They also serve as a resource to all patrons of the PHC and MHC and can dispatch assistance when needed.

Housing Ambassador (HA): Student staff members who work in the main HRE office in Benchmark 822. These students are here to answer questions about your contract, take housing payments and give tours of on-campus housing.

Student Manager: Student Leader staff members who work at the Peterson Heritage Center and Marriott Honors Community. They provide guidance to the DA and MA staff during evening hours. They also serve as a resource to all patrons of the PHC and MHC and can dispatch assistance when needed. Visit our website for information on how to apply for student leader staff positions. Flexible hours to fit your schedule. Work where you live!

Room Freeze

There is a room freeze the first week and last two weeks of each semester. Room changes are not permitted during this period while we verify who has arrived and who is still planning to move in. Unauthorized room changes at any point during the length of your housing contract are not allowed.

Meal Plan Information

Students living in Chapel Glen, Gateway Heights, Officers Circle and Sage Point are required to purchase a meal plan. Meals are dine-in and are served in the Peterson Heritage Center Dining Room on an all-you-care-to-eat basis. There is also a convenient “To-Go” meal option. Meal plan weeks start on Thursday and end on Wednesday. Unused meals do not carry over from week to week. Failure to use the meal plan does not cancel a student’s financial responsibility for the meal plan. The UCard serves as a student’s meal card and will need to be presented upon entering the dining facility. Meal service is limited and unavailable during certain break periods. For complete meal plan information regarding rates, changing meal plans, inquiries about special dietary needs, etc. please visit housing.utah.edu.

Sending and Receiving Mail

To sign up for a campus mailbox, go to housing.utah.edu/applications/mailbox-request.php or visit the Optional Services section of your housing application in Housing U. A student’s mailbox will be officially active when they come to pick up their mailbox combination at the PHC mailroom or MHC front desk. Mailing address should be formatted as follows:

**Heritage Commons Residents**
Student’s name  
(Mailbox #) Heritage Center  
Salt Lake City, UT 84112

**Marriott Honors Community Residents**
Student’s Name  
(Mailbox #) Marriott Honors  
250 S. Mario Cappechi Dr.  
Salt Lake City, UT 84112

The PHC mailroom and the MHC front desk are mail drop-off and pick-up points on campus, which means they receive packages and mail from every delivery service, and they also send packages and mail (with postage) out.

When a student receives a package, they will receive a slip in their assigned mailbox asking them to stop by and pick it up. A package will be kept for seven days before it is returned to the sender. The seven day return notice applies all year, including the week before moving into the residence halls. If we receive a package more than a week before the residence halls open, it will be returned to sender.
University Guest House

Guests visiting the U can stay on campus in our beautiful hotel located adjacent to Heritage Commons. Call 888-416-4075 or visit www.guesthouse.utah.edu for rates and reservations. The University Guest House offers special rates for students.

Our facilities open on Thursday, August 20, 2015 at 9 a.m. For full details of the day, please visit our Move-In Day webpage at www.housing.utah.edu/move-in-fall.html.

Roommate Issues

For many students, this may be their first time living with a roommate. This may be a learning process. Should an issue arise, the following steps are used to address and resolve roommate issues:

1. Roommates communicate with each other to identify and solve the issue.
2. Roommates utilize the Resident Advisor to serve as a mediator to come to a compromise.
3. The Residential Education Coordinator addresses the issue(s) with the students. If a conflict cannot be resolved or a compromise reached, the end result may be a room change for one or both students.

Tips for getting along with roommates.

Respect each other and be clear from the start.

Everyone has their ways. What they like and what makes them tick. Let your roommate know right from the start what these things are. But equally as important is listening to what your roommate has to say. Come to an agreement and compromise as needed to set expectations of your shared living space.

Address things when they’re still little.

And when they’re big.

Is your food being eaten without you knowing about it? Does your roommate leave their wet towel on the bathroom floor? When little things are stacked on top of each other and combined with the stress of school and adjusting to university life, they can escalate quickly. Don’t let something little become big by addressing it right from the start. A simple “hey, would you mind not doing that?” can solve a problem before it becomes bigger than it needs to.

However, some issues are big, but they can still be handled with tact. Sit your roommate down when you both have time to address the situation and both say your side. Your RA and AREC can serve as mediators if needed.

Be mindful of your roommate’s belongings.

Just like you wouldn’t want your stuff to be moved around or used without you knowing about it, treat your roommate’s stuff the same way.

Lock the door and windows.

Not only will this protect your personal belongings, it will also protect your roommate’s personal belongings.

It’s OK to not be best friends.

But you do need to respect each other. When you show respect, respect will be returned. Some of your roommates will become lifelong friends, and some won’t. And that’s OK.

Be open to new experiences.

Keep in mind that everyone comes from a unique background and an individual set of life experiences. These experiences have shaped who they are today. When you keep an open mind you allow yourself to have new experiences, learn something new and make new friends.
Social Justice Advocate

Social Justice Advocates (SJAs) create programs and engage residents in dialogue around subjects ranging from race, class, gender, sexual orientation, religion, age, size, ability and a variety of other issues surrounding identity development and interpersonal relationships on campus. Through their initiatives, SJAs actively support inclusivity and equity throughout HRE and campus!
