Emergency Kits

Everyone at the University of Utah is encouraged to prepare to for potential disasters they may encounter at any time with no warning. Students are allowed and encouraged to prepare and bring their own emergency preparedness kits. Just remember if you plan to keep these kits in your rooms to leave out prohibited items such as candles, flares, certain knives, etc.

Housing & Residential Education has purchased emergency kits from an outside vendor to sell to students at cost. These kits contain items that are allowed in our facilities. When purchased, the emergency kit will be placed in the student’s room prior to their arrival on campus and billed to a student’s account.
